Bay Harbor Islands

Nestled between the American Riviera and paradise is an island known by the world and enjoyed by only a select few. Luscious green foliage and palm lined streets invite luxury, privacy, and an exclusive address that is none other than Bay Harbor Islands.

SERENO is more than a residential experience, it is a one-of-a-kind experience. Residents enjoy unparalleled amenities as well as unique features and attributes. Nestled in the exclusive Bay Harbor Islands, enjoy your own private island retreat while still just a few minutes away from the most luxurious shopping and fashion in Miami and white sand beaches.

We welcome you to
laid-back-luxury.

DEEP WATER YACHT MARINA

WITHIN VIEW OF YOUR SERENO RESIDENCE

With a personality and sensibility distinctly its own, Sereno offers something new - we call it laid back luxury. An intimate waterfront tower consisting of private residences that features a more open and airy design both in architecture and interiors. Simply put, it is the rare contradiction of that which is sophisticated and fashionable, while being comfortable as well... just as your sanctuary should be.

Bay Harbor Islands are one of the most coveted destinations on Miami Beach, neighboring Bal Harbour and separated only by its turquoise waters of the Florida Bay and magical island playground.

Nothing compares to the spirit and energy of island living. Nothing compares to a waterfront location just steps from Bal Harbour and white sand beaches.

Escape to an experience that was previously known only in the great islands of St. Barth and Capri - until now.

Welcome to SERENO, Bay Harbor Islands.

The ultimate balance between the world outside and your inner sanctum begins the moment you take step from your vehicle. You'll notice the courtesy of a trained valet, the imported stone beneath your leather sole and the entryway that rivals the best of island resorts - reflecting both sea and sky, none of it coincidental.

Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.
