VERIDIAN GROVE
PRIVATE ESTATES

A LUXURIOUS, GATED COMMUNITY

Luxury abounds at Veridian Grove Gated Estates, Miami's newest and most exclusive gated community – a singular collection of 20 estate homes nestled into lush tropical surroundings. Featuring spacious floor plans beginning at 6,000 square feet, each home is collaboratively, custom-designed for modern living by our renowned architects and interior designers, who incorporate your preferences every step of the way. Pristinely planned, Veridian Grove affords the utmost in lavishly amenitized South Florida living.

The elegant, modern constructions are offset with serene vistas and flourishing flora by Miami's Bell Landscape Architecture – swaying fishtail, cabada and coconut palms, Japanese Blueberry trees and towering black bamboo, all joined by a sun-dappled succulent and agave mix. Sleek, bold and visually striking, the environmentally mindful plant-life complements the homes' modern architecture, with an emphasis on native tree species, drought-tolerant groundcovers and low-maintenance perennials.

MODERN WELLNESS CENTER

Veridian Grove takes the word “amenities” to heart, providing residents with health-centric conveniences, steps from their front doors. Anchored by a fully equipped wellness center outfitted with smart technology, integrated Wi-Fi and green innovations, it amply delivers on the promise of luxury living.

Step inside during your downtime and find a heated, 65-foot lap pool, hydrotherapy hot tub, steam room and sauna. Yoga and aerobics areas team with a modern gym, ideal for arranging sessions with your personal trainer. Surrounding the wellness center are intimate nooks tucked into tropical gardens, which serve as relaxation spaces for families and residents of all ages.

INSPIRING ARCHITECTURE

Designed by award-winning Sotolongo Salman Henderson Architects, Veridian Grove features four fully customizable estate homes to choose from: the Sequoia, the Cypress, the Ivy and the Palm. Each has its own allure, be it a sun-drenched infinity pool or a relaxation-ready gazebo. And every concept offers an optional elevator and expansive rooftop patio, replete with wood flooring, retractable canopy, hot tub and grill-outfitted summer kitchen. Ambient lighting and integrated music ensure residents entertain outdoors in comfort and style.

As the force behind South Florida's most luxurious, innovative residential designs, Sotolongo Salman Henderson Architects boasts a portfolio of over 25,000 residential properties throughout South Florida and the Caribbean. The recipient of many prestigious national and local awards for design excellence, the firm recently received a Builder's Choice Award from Builder magazine and one of its custom residences graced the cover of Luxe Interiors + Design magazine.

CURATED LIVING IN EVERY WAY

Veridian Grove's clean-lined architecture gives way to large windows and doors, which capitalize on South Florida's abundant sunshine. Belgium-based Delta Light juxtaposes this with fully customized, timeless-yet-trendsetting architectural illumination. Gourmet kitchens feature custom cabinetry with soft, silent-close drawers, elegant quartz or marble countertops and a choice of Sub-Zero or Miele appliances. Elegant bathrooms showcase wall-mount toilets and bidets, custom vanities with wall-mount faucets, sumptuous, freestanding bathtubs and rainfall showerheads.

Meanwhile, home automation expert Savant takes comfort and convenience to another level entirely. Whether it's climate control, living room lighting, the sound system or access control, Veridian Grove's customizable automation experience changes the way residents interact with – and enjoy – their homes.

INSPIRED INTERIOR DESIGN

Renowned for its passion and uncompromising attention to detail, TOGU Architecture earned its reputation curating art and furniture at opulent hotels throughout France and Switzerland. Its impressive portfolio includes custom-designed wood and glass furnishings, as well as lighting that showcases priceless relics, at the Louvre's Department of Egyptian Antiquities.

Applying its artistic vision to Veridian Grove's interiors, the firm's love of art and mixed media translates to lavish details that both contrast and complement. Residences feature superior, large-format INALCO, Cotto d'Este, Gigacer and Coem tiles, offset by long-planked white oak floors. Throughout, homes offer a curated living experience, reflective of the firm's own gallery in France.
